

LOGANVILLE FOOTBALL TOUCHDOWN CLUB

JULY 8, 2019

The Loganville Football Touchdown Club met Monday night July 8th 2019 at 7 pm, in the team room at the field house of Loganville High School. The meeting was rescheduled from the typical date due to the first Monday night of the month falling during the GHSA dead week.

The meeting was called to order by President Brandon Cordell.

Secretary Jo Mason stated that the June minutes were posted to the website. She also thanked Meredith Cordell for taking the minutes during her absence at the June meeting.

Treasurer Staci Greene was absent due to a family emergency. If anyone had any questions they could email her or call her and she should be available tomorrow.

Katie Farmer, sponsorship chair, stated that sponsor ships were going very well. She thanked everyone for helping and participating at the pancake breakfast in May and with that being said she was excited to get another opportunity for our sophomore and freshman boys to have their pancake breakfast in August. Once again the breakfast will be

from 8-10 and we are asking the boys to arrive at 730 for an instructional time on what is expected of them. She also said that time to sell Devil Walk signs or signs on the big board is running out as we need to get them printed for our first home game which will be August 30. She said that we did have a little more time to get our personal shout outs in for our program but the program too will have a deadline.

Jo Mason stated that Suzie Mason had graciously agreed to head up our program this year and there would be more info on that soon.

Christie Screws, head of membership, stated that several had paid their player fee and turned in their raffle money; however, we still had quite a few players who had not done either. She stated that she would meet you here in the parking lot any afternoon if someone would just call her and let her know that they need more raffle tickets or would like to meet. She said that it is no problem whatsoever because she picks up her son. There was some discussion about the raffle tickets and membership deadlines. The main question that arose was if people could keep selling raffle tickets after the August 7th deadline for monies to be turned in. The answer is yes however, the raffle tickets would need to be paid for in advance to go towards your membership and then as you sold them, you would just reimburse yourself the money you had already paid in. Raffle tickets can be sold up until the night of the drawing which is the Homecoming game.

Crystal Glover is our concession stand chair and stated that concessions is going great. They have implemented some great ideas this year and adding some new items and making some changes. Coke will be doing

our drinks again this year. We have met with them and excited to get the season started. We will be asking everyone to work in the concession stand and will be posting the openings on sign up genius so everyone can sign up. We are asking Varsity parents to work on Wednesday afternoons at middle school games, middle school parents will work on Thursday games, and freshman and JV parents will work on Friday games. The Middle school games and terms of our agreement with them are still being discussed and finalized. We are assuming that the agreement will be the same but will keep everyone posted on what is expected.

Brandon stated that he wants to put together a field crew together to help set up for games, set up the tunnel etc.. so it's not a hardship for just one. If anyone is interested in volunteering just see him after the meeting.

Coach Humphreys was out of town and was absent from the meeting. If anyone had any questions for him please email.

Jo Mason stated that there would be a mom's club meeting soon to pick out a mom's club shirt and get it ordered. She stated we would be having dessert and discussing a service project for the year.

Brandon then asked if anyone had any questions, motion was made to adjourn by Jim Spooner and second by Jerry Daniel. Meeting was then adjourned.
